

## CALHOUN CASE NOW UNDER WAY

Jury Is Completed, Opening Statement Made and Taking of Evidence Begun

WOMEN SHOWING INTEREST  
FRONT SEATS FOR THE CITIZENS' LEAGUE OF JUSTICE.

San Francisco, April 15.—After three months spent in completing a jury, the trial of Patrick Calhoun, president of the United Railroads, today attained the stage where the taking of testimony was commenced, and when court adjourned for the day, Ferdinand P. Nicholas, the former supervisor who is accused of accepting a bribe paid through Abraham Ruef, had been ordered to answer the first vital question in the case. The final acceptance of Michael Murphy, a retired police sergeant, as thirteenth juror, prepared the way for actual inauguration of the trial, and Assistant District Attorney Francis J. Heney, after outlining to the jury the case he expects to prove, gave way to the first witness.

Although neither side expended its full quota of peremptory challenges, the case is already destined to occupy a place unique in the records of western criminal litigation because of the haste and effort expended in completing the jury. To this task sixty-five court days were devoted and, since Jan. 12, when the trial was commenced, over 2,000 citizens had been summoned as possible candidates for a place in the box.

**Case of the State.**  
Mr. Heney's statement to the jury was confined strictly to a narration of what the prosecution expected to prove, and although the defense, at one point, intimated that he was attempting to argue the issue, he was not interrupted by Judge Lawlor.

Mr. Heney's statement contained little that had not previously developed in trials connected with the bribery-graft prosecution. He promised to prove the passage of money to various supervisors through Abraham Ruef and James L. Gallagher, chairman of the board, and from his written synopsis of the statement, charged that agents and officers of the United Railroads had received and disbursed the sum of \$200,000 as a blank bribe for a passage of an ordinance giving the corporation the right to install the overhead trolley system on several of its lines operated by cable before the earthquake and fire of April 18, 1906.

**Women in Front Row.**

There was little more than the usual stir in the court room when the taking of testimony commenced. When the defendant returned for the afternoon session, he was surrounded by six attorneys. Of this number, Alexander S. King of Atlanta, Ga., and John J. Barrett made their initial appearance during the pending trial. A score of women wore buttons showing membership in the Citizens' League of Justice, an organization formed after the shooting of F. J. Heney last November, occupied seats in the front row of spectators.

The prosecution scored the first point, when, after a lengthy wrangle between the attorneys, the court overruled the objection of the defense and said that former Supervisor Nicholas could be interrogated regarding conversations about the ordinance with James L. Gallagher, who is alleged to have paid the bribe money on behalf of Abe Ruef, the latter, according to the theory of the prosecution, having been authorized by the officials of the United Railroads.

## One million women simply detest washing dishes because they have not yet found the right way

If you were compelled to do all your housework in the way your mother did before you, it would be almost unbearable.

And still many women cling to the ancient soap route when washing dishes.

There's a better way, an easier way, a safer way.

GOLD DUST added to your dish-water will make your dishes whiter and cleaner than they ever can be made without it. That's the better way.

GOLD DUST, unlike soap, cleans more than the surface. It goes deep after germs and hidden food particles, and sterilizes everything it touches. That's the safer way.

GOLD DUST does all the hard part of the task without your assistance, because it begins to dissolve and clean the moment it touches the water. That's the easier way.

"Let the GOLD DUST Tins do your work"

## BLOODY CRIMES IN OLD MEXICO

Fatal Quarrels Over a Bowl of Pulque, a Girl and 18 Cents Worth of Ice Cream.

Chalco, Mex., April 15.—A most remarkable series of crimes, in which the principals were brothers, have occurred in this district in the last two days.

The first tragedy was a double duel with pistols between Enrique and Alberto Gonzales on one side, and Loreto and Anselmo Tamariz on the other. The latter two were killed. They had murdered the father of the Gonzales boys. The Gonzales brothers armed themselves and found the murderers at the market. Shooting commenced immediately, and the Tamariz brothers fell dead. The slayers fled to the hills, but one was captured.

Germano and Antonio Meza quarreled over a bowl of pulque, and opened fire on each other with revolvers. Their mother attempted to stop the fight, and was fatally wounded. Antonio was also fatally wounded.

In the Juchitepec district, two brothers, Fernando and Cayetano de Larosa, quarreled over the affections of a girl and fought a duel with knives, Cayetano being killed, his brother's knife almost disemboweling him.

**Double Murder.**  
Guanajuato, Mex., April 15.—Because Francisco Cano would not pay a bill of 18 cents for ice cream he had procured at a neighboring village, Felix Sanchez killed him and his mother.

"I do not pay bills in Holy Week," said Cano, when Sanchez asked him to pay the bill.

"Then I will send you where they don't observe Holy week," retorted Sanchez, and, drawing a knife, he stabbed Cano through the heart.

The dying man's mother rushed out of the house, and an instant later was lying near her son with the knife which killed her son in her own heart.

**EXTRADITION IS DOUBTFUL**

Idaho Sheriff in Washington After Roy M. Wright, Accused of Embezzling Thousands.

(Special to The Herald.)  
Washington, April 15.—James A. Bennett, sheriff at Boise, arrived here last night with a requisition from the governor of Idaho for Roy M. Wright, who was arrested two weeks ago on a charge of embezzling \$40,000 in Idaho, and who was subsequently released. On request of Bennett, Wright was taken into court this morning for preliminary hearing, but the case was postponed until tomorrow. When Bennett presented the requisition papers, the court found extradition was not demanded upon any indictment returned against Wright in Idaho, but merely a request of a justice of the peace. Extradition is rarely granted by federal courts in this city, except upon presentation of an indictment. The sheriff explained that Idaho has not had a grand jury system. He said tonight that he had serious doubts whether Wright would be turned over to him to be taken back to Idaho. Wright is not under arrest, but Representative Langley of Kentucky, his counsel, gave assurance that he would present Wright in court tomorrow morning for hearings.

**WYOMING MODESTY.**

(Special to The Herald.)  
Washington, D. C., April 15.—Senator Warren today introduced a bill to build a \$100,000 public building at Green River, Wyo.

## BAILEY OFFERS AN AMENDMENT

Texas Senator Desires the Income Tax Feature in the Pending Tariff Bill.

WOULD RAISE \$100,000,000  
BELIEVES SUPREME COURT ERRED IN FORMER DECISION.

Washington, April 15.—In the senate today Senator Bailey introduced an income tax amendment to the tariff bill. It provides for a straight tax of 3 per cent on all incomes above \$5,000 a year. It exempts all incomes from federal, state, county and municipal securities, salaries of all state officers and incomes of corporations below \$5,000. The former law on this subject provided for a tax of 2 per cent on incomes of \$4,000 and upwards.

Mr. Bailey does not attempt to avoid the constitutional questions, and in effect challenges them. He estimates that if his amendment becomes a law it will raise about \$100,000,000 annually.

**Mr. Bailey's Speech.**  
Mr. Bailey said he had introduced the amendment so far in advance of its consideration because he wished every senator to have a full opportunity to consider it and to suggest any additional amendments deemed proper. He added that the tariff bill reported to the senate was in the main the same as that of 1894. His income tax amendment, he said, was the same as the law which had formerly been enacted, with minor exceptions. He had in this amendment raised the exemption from incomes of \$4,000 to incomes of \$5,000, and had raised the rate of tax from 2 to 3 per cent, which, he said, would result in greater revenue than would the 2 per cent tax on \$4,000 incomes.

**Says Supreme Court Erred.**  
"I have also," said Mr. Bailey, "responded to the unanimous decision of the supreme court of the United States that congress has no power to levy an income tax on state, county and municipal securities, and I have specifically exempted incomes derived from that source."

In other respects, he said, his amendment still challenges that decision of the supreme court. He was satisfied his amendment was not in contravention of the constitution. He believed a majority of the court erred in that decision.

Mr. Bailey said he did not introduce his amendment because he desired to tax prosperity, but because he preferred "to tax the incomes of prosperous people rather than to place it upon the backs and upon the appetites of people who at best are doing none too well."

**Aldrich Answered.**  
"Can the senator advise the senate what amount his income tax amendment would raise?" asked Mr. Aldrich.

"No more," replied Mr. Bailey, "than the senator can tell the amount his tariff bill will raise."

Mr. Aldrich replied that he would do that later.

Mr. Bailey added that his amendment would raise from \$60,000,000 to \$80,000,000 revenue annually, and he hoped there would be a provision in the bill to reduce the customs revenues an equal amount.

**IRRIGATION PROJECT  
TITLES CANCELLED**

(Special to The Herald.)  
Washington, D. C., April 15.—The reclamation service has ordered the cancellation of twenty titles upon the Minidoka irrigation project, the titles being those of parties who have made no application for water for their land and who have made no showing in response to the order of Secretary Garfield to show cause why cancellation should not take place. Some entrymen whose titles are cancelled have abandoned their land and no longer reside on the project.

Senator Borah, who was in consultation with the reclamation service over the matter, said there were no titles cancelled in which parties had made any application, either to him or publicly through the land office, against cancellation. The fact that these twenty titles are cancelled does not indicate that delinquent settlers, who have acted in good faith, are to be ousted.

**LANDS TO BE RESTORED.**  
Thirty Per Cent of Forest Reserve Area Said to Be Agricultural.

(Special to The Herald.)  
Washington, D. C., April 15.—Secretary Wilson of the department of agriculture has directed that a thorough examination be made during the coming summer of all forest reserves by agents of the geological survey and classification and designation made of all non-timbered areas and lands more valuable for agriculture than timber, with a view to eliminating such lands from forest reserves and placing them at the disposal of the public for settlement and entry. It is estimated that 30 per cent of forest reserve areas will be restored to public use if Secretary Wilson's order is carried into effect.

**MAID PROTECTRESS.**  
Ceremony of Beatification of Joan of Arc Next Sunday.

Rome, April 15.—The final ceremony of the beatification of Joan of Arc will take place at St. Peter's next Sunday. The mass will be celebrated by the bishop of Orleans, and the decree of beatification will be read during the services. Following this announcement the pope will descend to the balcony to venerate the portrait of the maid.

After April 15 Joan of Arc may be publicly venerated and altars may be erected to her in churches. The pope shortly will publish a decree proclaiming the maid protectress of Catholic France.

Trains bearing pilgrims to attend the ceremonies are arriving here. No less than sixty French bishops and a total of 40,000 pilgrims are expected in Rome by Sunday.
